

# Chimaira, Pure Hatred

I have told you things need to change  
You never listened or came to my aid  
The vicious cycle has not changed  
My time's spent rearranged

Motherfuck it all  
I can't stand this  
Remember when I said  
Everyone makes me sick  
Well nothing has changed

I hate everyone

This vicious cycle still remains  
Constant clusterfuck, bloodstains  
Ignorance, you kill for God  
Expression not allowed

You fucked it up  
With your motherfucking games  
Remember when I said  
I was so ashamed  
Well nothing has changed

You have to  
Pick and choose your fights  
You have to  
Come out alive

I have told you things need to change  
You never listened or came to my aid  
The vicious cycle has not changed  
My judgment fades away

You'll never change me  
Remember we are through  
I am staying here  
To betray all of you  
And nothing will change
