

# China Crisis, Black Man Ray

Are we believing  
Black man ray  
Are we not happy  
In our own way  
And we the people  
Who reason why  
Forever change  
As time goes by  
Yes, yes, i could be wrong  
Why, why, should i pretend  
God only knows in the end  
Are we believing  
The heavenly survive  
Faith the future  
Big life on their side  
And we the people  
Who can but try  
Forever learn  
As time goes by  
Yes, yes, i could be wrong  
Why, why, should i pretend  
God only knows in the end  
Are we believing  
Black man ray  
Persuasive danger  
In everything you say  
And we the people  
Who answer you why  
Forever doubt  
As time goes by
