

Chixdiggitt, You're Pretty Good

We get done with the show and
we're sweating through our clothes yeah!
Then I met this kid, gave his version of a compliment
he said....

You're pretty good
You're Pretty good
You're Pretty good (We're AWESOME!)

Compliments are good,
I appreciate them (You're pretty good)
That's all you got to say?
You might as well not say it (you're pretty good)

You're pretty good
You're pretty good
You're pretty good (We're AWESOME!)

When they can
Sometimes you gotta stand up for your friends
Well that's a lotta good
maybe myself,
I'm a little bit (i said) conceited,?
Too bad

You're pretty good
You're pretty good
You're pretty good (We're awesome)

(This is difficult to understand but here goes)
We're better than ok?
That's nice of you to say yeah! (you're pretty good)
You bitch to all your friends?
You're better with your compliments (you're pretty good)
I hope that you don't mind
Tonight we really shine
You sort of made my day
We took your hit away
