

Chk Chk Chk !!! , Bend Over Beethoven

Infinite open eternity eternally just let it happen one hundred percent moment
Say fear is good cause that's how you know where you've got to break through
Yourself misunderstood why should you even care you're scared of you
before you know it, you're like don't don't don't stop
don't don't don't stop
Bend over beethoven
Tell mother the news
It don't matter what it means
Everybody knows that life's a dream
