

Chocolate Puma, Always And Forever

You, you keep on breakin' up (12x)
And try and walk away
And crawl right back and stay
Right back and stay

You, you keep on breakin' up
And try and walk away
And crawl right back and stay
Right back and stay

Chorus(2x)
It's the jealousy
That has got u saying
All those things to me
So now u think I'm paying
See eventually
We'll end up together
Always and forever

You, you keep on breakin' up (5x)
And try and walk away
And crawl right back and stay
Right back and stay

It's the jealousy
That has got u saying
All those things to me
So now u think I'm paying
See eventually
We'll end up together
Always and forever

You, you keep on breakin' up
And try and walk away
And crawl right back and stay
Right back and stay
