

Chris Botti, Ever since we met

Know I only want to be with you
From the very first time I knew
I had a feel this love was true
Ever since we met
I want to stay right by your side
Don't never wanna say goodbye
There's not a cloud up in the sky
Ever since we met
Ever since we met
Know I only want to be with you
From the very first time I knew
I had a feel this love was true
Ever since we met
I want to stay right by your side
Don't never wanna say goodbye
There's not a cloud up in the sky
Ever since we met
Ever since we met
Know I only want to be with you
From the very first time I knew
I had a feel this love was true
Ever since we met
Want to stay right by your side
Don't never wanna say goodbye
There's not a cloud up in the sky
Ever since we met
I want to stay right by your side
Don't never wanna say goodbye
There's not a cloud up in the sky
Ever since we met
