

# Chris Brown, Changed Man

Daily I've been waiting  
For the time to pass and let it fade in  
But, baby, my patience is driving me crazy  
Making me fall apart  
What do you do when the truth isn't quite enough?  
They looking at you, telling you we need to break it up  
You need to trust what you do  
It's you and me in love  
But I'ma make it up to you  
And show the world I'm a changed man  
'Cause you mean that much to me  
I don't wanna be done  
I'm doing all that I can  
And everybody hates Chris  
They can never understand  
So can we love?  
Can we love? Can we love?  
Can we love? Can we love?  
Can we love? Can we love again?  
Girl I know I told you, baby this ain't over  
This ain't over, it ain't over  
I remember your touch, God, I miss you so much  
Please believe me, baby, I'm sorry  
And all of this money and fame  
Could never amount to every morning when I see your face  
What do you do when the truth, it ain't quite enough?  
They looking at you, telling you we need to break it up  
You need to trust what you do  
It's you and me in love  
But I'ma make it up to you  
And show the world I'm a changed man  
'Cause you mean that much to me  
I don't wanna be done  
I don't wanna be done  
I'm doing all that I can  
And everybody hates Chris  
They can never understand  
So can we love?  
Can we love? Can we love?  
Can we love? Can we love?  
Can we love? Can we love again?  
Girl I know I told you, baby this ain't over  
It ain't over, this ain't over, it ain't over  
Baby, it ain't over  
Saying I'm sorry doesn't make it alright  
I know, I know  
But I believe that we can make it if we try  
If we try, yeah, yeah  
I'm a changed man  
'Cause you mean that much to me  
And I don't wanna be done  
I'm doing all that I can  
And everybody hates Chris  
They can never understand  
So can we love?  
Can we love? Can we love?  
Can we love? Can we love?  
Can we love? Can we love again?  
Girl I know I told you, baby this ain't over  
This ain't over, it ain't over  
It ain't over, oh oh  
It ain't over
