Chris Brown, Fallin' Down

Sometimes I don't wanna wake up alone But sometimes I wanna wake up and be on my own Sometimes I don't wanna walk by your smile But at the same time I don't wanna let people down Can you imagine the weight of a world Placed on your shoulders, trapped in this world? And no one can reach you, wooh So no one can help you now It's getting heavy, I think I'm 'bout ready to break down I'm standing up but I'm fallin' down Time keeps on tickin' I wish there was a way to slow it down Someone pick me up 'cause I'm fallin' down Fallin' down, down, down, down Down, down, down, down Fallin' down, down, down, down Down, down, down Why is it so easy for you to blame? I'm only human we're all the same I've given up everything in exchange for being alone I'm shaking these demons underneath all the pride, oh Can you imagine weight of a world Placed on your shoulders, trapped in this world? And no one can reach you, wooh So no one can help you now It's getting heavy, I think I'm 'bout ready to break down I'm standin' up but I'm fallin' down Time keeps on tickin' I wish there was a way to slow it down Someone pick me up 'cause I'm fallin' down Fallin' down, down, down, down Down, down, down, down Fallin' down, down, down, down Down, down, down Fallin' down, down, down, down Down, down, down, down Fallin' down, down, down, down Down, down, down It's getting heavy, I think I'm 'bout ready to break down I'm standin' up but I'm fallin' down Time keeps on tickin' I wish there was a way to slow it down Someone pick me up 'cause I'm fallin' down It's gettin' heavy, I think I'm bout ready to break down I'm standin' up but I'm fallin' down Time keeps on tickin' I wish there was a way to slow it down Someone pick me up 'cause I'm fallin' down Fallin' down, down, down, down Down, down, down, down Fallin' down, down, down, down Down, down, down Fallin' down, down, down, down Down, down, down, down Fallin' down, down, down, down Down, down, down
