

# Chris Brown feat Johnta Austin, Final destination

Departure time 7:30  
I'm packed and ready to go,  
1st class ticket outta here,  
I think its time,  
to put it back in gear,  
no more standin by,  
I'm tryin to stay clear,  
Turbulence got me nervous,  
i should have never flown,  
scared when you fly alone again,  
you know the atmosphere wasn't perfect,  
I'm thinkin to myself was it worth it,  
Layover's almost over,  
I can see clearly ,  
No more stormy weather,  
Exit now,  
don't pull on the lever, lever  
this gone be my final destination  
no more sittin round havin my time wasted  
You say its now or never  
i pick never we can be together  
so come down  
no more red eye late nights  
no one way more connected flights  
When  
when we stared out knew this relationship was unhealthy  
you broke the code  
never thought that you would stoop so low  
you got me flyin solo  
now you cryin talkin bout you cant live without me yeah
