

Chris Brown, Love More (ft. Nicki Minaj)

Can you get it right?
We gonna love some more
Can you get it? come and get it.
Imma get it!
Can we get it? That's how we get it.
Can we get it right
We gonna love some more
Can you get it? come and get it.
Can we get it?
Imma get it!

Cause all you need is cursed love
When I'll die I swear that's not enough
I messed up.
Maybe this thing in here just ain't for us.
Baby, you let go
And I'll pull you back.
I let go, you ain't having that
We do it like rockstar, sexy in my ?? room It's all out
Higher than a smoke cloud.
Shade ?? in five with the top out
And I'm also crazy, cause we're going back in 5 minute
And I hate you, and I love you
That's how it is.

Can we get it right, we gonna fuck some more.
It's how we get it. I'mma get it!
I'mma get it! Til we get it.
Til we get it right?
we gonna fuck some more.
I'mma get it.
Come and get it! Til we get it.
I'mma get it.

Why is it all so complicated?!
Baby, it should be simple.
It's all in my mental.
When you back it up, you really got me crazy!!
Do you know what I'm into?
Make me forget what we argue about in? eeh!
We do it like rockstar, sexy in my ?? room It's all out
Higher than a smoke cloud.
Shade ?? in five with the top out
And I'm also crazy, cause we're going back in 5 minute
And I hate you, and I love you
That's how it is.

Can we get it right, we gonna fuck some more.
It's how we get it. I'mma get it!
I'mma get it! Til we get it.
Til we get it right?
we gonna fuck some more.
I'mma get it.
Come and get it! Til we get it.
I'mma get it.
