how to party

We know how to party

I need your body and ways

That you understand

But I losing my patient

Coz we've been going over and over again

Gir,,

I wanna just take you home

No..

I just gonna kiss you

Inside and out

You know I just wanna make love

You you to give me shout

And baby you need me

i.. down

Coz it's no speed limit

..

Why your pussy is so damn good, miss?
