

Chris Brown & Tyga, Bitches

I don't need no niggas in my section,
Bitches out
Bitches out
Bitches out

Higher then the Moon, nigga what up?
I hear them wolfie, nigga need to shut up
While I'm in the pussy face, down and the but up
Ain't shit tool, me I just need to fuck up
Fuck ... niggas brothers
On the west side, only rappin' for the colors
Talking big shit, cutting d-ck
Need to stud up

...
Make my name a screen and type it right down
Nasty on the d-ck, bitch give the nigga a white down
...

I don't need no niggas in my section,
Bitches out
Bitches out
Bitches out
/2x

...

I don't need no niggas in my section,
Bitches out
Bitches out
Bitches out

Pullin up in a 'rari
The fuckin' life of the party
I'm getting hoes regardless
Before this rap shit
I'm honest
