

Chris Cagle, Look What I Found

For so long I searched in desperation
For one love that would always be true
And I came close but there were always complications
I finally decided there was nothing I could do
So I gave up and I let go and as soon as I did, wouldn't you know
Just look what I found when I wasn't lookin'
Look what I found when I was just bein' me
I turned around and love was mine for the takin'
Look what I found when she found me
Now there's a lot of lonely people out there waiting
And there's a lot of lonely people searchin' to
But if you've got too many expectations
You might miss the one who's right in front of you
No tellin' when, no tellin' why
She'll say hello and you'll know
You'll never say goodbye
Just look what I found when I wasn't lookin'
Look what I found when I was just bein' me
I turned around and love was mine for the takin'
Look what I found when she found me
And every single day I'm still surprised
When I turn around and look into her eyes
I'm like a kid who won a prize
Look what I found, just look at what I found
Look what I found when I wasn't lookin'
Look what I found when I was just bein' me
I turned around and love was mine for the takin'
Look what I found when she found me, oh
