

# Chris Cagle, My Heart Move On

I took all my pictures of you  
And I threw em all away  
I drank down my bottle of wine  
The we swore we would save  
For some special occasion  
Some big moment down somewhere down line  
Cause tonight im celebrating  
The first day of the rest of my life

[Chorus]  
Like a storm, like a train  
Like the seasons when they change  
Like the dark of night does every day at dawn  
Like the air, that i breathe  
After it rolls out of me  
It goes on to find another home  
My heart move on

I threw a for sale sign on my car  
And I parked it outside  
Cause that back seat reminds me of our very first time  
And I dont need any memories  
Hanging around this old place  
Stirring up that stuff in me  
That will only get in my way

[Chorus]  
Like a storm, like a train  
Like the seasons when they change  
Like the dark of night does every day at dawn  
Like the air, that I breathe  
After it rolls out of me  
It goes on to find another home  
My heart move on

Ohh oh ohh yeah

Like the years, like the past  
Once its gone it dont come back  
Just like you when I woke up and you were gone  
Like the air, that I breathe  
After it rolls out of me  
It goes on to find another home  
My heart move on  
My heart move on  
My heart move on  
My heart move on
