

Chris Cagle, My Love Goes On And On

My love goes on and on and on and on
And on and on and on and on and on and on
There's only so many stars in the night
That can make up a milky way
Oh and there ain't more than
Twenty four long hours in a day
But they say everything has a limit
Yeah that ain't exactly true
'Cause there ain't a limit to the love in my heart
Or the way that I feel about you
Hell even when the pyramids are gone
Yeah my love goes on and on and on and on
And on and on and on and on and on and on
Well I got two hundred thousand miles
On a rusty old beat up truck
And I hate to say but there's gonna come a day
When I'm gonna have to give her up
But darlin' since I met you
Well here is how it is
I could live with losing everything
But I would die without your kiss
So if you think this fire we lit inside
Will burn out, you're wrong
My love goes on and on and on and on
And on and on and on and on and on and on
Yeah I know that we can't spend every waking hour together
But I can hold you tonight and I can love you forever
Every time I think of what we've got
All I do is smile
'Cause the beginning to the end of time
Compared to this is a little while
Well I've heard raindrops will turn into oceans
And oceans will turn to dust
But there ain't a single force in the world
That'll have an effect on us
Well it may be
That the rugged Rocky Mountains don't last long
But my love goes on and on and on and on
And on and on and on and on and on and on
On and on and on and on
And on and on and on and on and on and on
