

Chris Cummings, Sure Enough

Well, I'm not sure if this'll come out right
I've been playing it over and over in my mind
So just in case you want to know
Exactly how I feel, well, here it goes
I'm sure that my heart pounds
A little faster when you're near
And I'm positive that I would go crazy
Without you here
There's no doubt in my mind
Am I sure that I'm in love?
Baby, I'm sure enough
Yeah, I'm sure enough
And I don't claim, to know everything
Your guess is good as mine what tomorrow will bring
But one thing's clear and it stands above
I want to be with you, yeah, I'm sure enough
I'm sure that my heart pounds
A little faster when you're near
And I'm positive that I would go crazy
Without you here
There's no doubt in my mind
Am I sure that I'm in love?
Baby, I'm sure enough
Yeah, I'm sure enough
I'm sure that my heart pounds
A little faster when you're near
And I'm positive that I would go crazy
Without you here
There's no doubt in my mind
Am I sure that I'm in love?
Baby, I'm sure enough
Yeah, I'm sure enough
