

Chris De Burgh, Live For The Day

Live for the day
Share every precious moment
And I'll be there (i'll be there)

I can't wait until tomorrow
There's so much that I have to see
Find the road that we must follow
Destiny

Take my hand and lead me onward
Show me a world that is in my dreams
Be the light that's always shinin'
Over me
'cause I believe

That we must live for the day
Share every precious moment
This is the way we'll be forever
We must live for the day
Treasure these special memories
And I'll be there (i'll be there)

For one by one the leaves are fallin'
One by one though the years go by
No one knows when winter's callin'
For you and i
To say goodbye

And so we must live for the day
Share every precious moment
This is the way we'll be forever
We must live for the day
Treasure these special memories
And I'll be there (i'll be there)
For you

I'll be there
someone to watch over you
I'll be there
you'll need my love
Take my hand
this is where I'll always be
Take my heart
I'll be here for you

We must live for the day
Share every precious moment
And I'll be there
I'll be there
For you
