

# Chris De Burgh, Live For The Day

Live for the day  
Share every precious moment  
And I'll be there (i'll be there)

I can't wait until tomorrow  
There's so much that I have to see  
Find the road that we must follow  
Destiny

Take my hand and lead me onward  
Show me a world that is in my dreams  
Be the light that's always shinin'  
Over me  
'cause I believe

That we must live for the day  
Share every precious moment  
This is the way we'll be forever  
We must live for the day  
Treasure these special memories  
And I'll be there (i'll be there)

For one by one the leaves are fallin'  
One by one though the years go by  
No one knows when winter's callin'  
For you and i  
To say goodbye

And so we must live for the day  
Share every precious moment  
This is the way we'll be forever  
We must live for the day  
Treasure these special memories  
And I'll be there (i'll be there)  
For you

I'll be there  
someone to watch over you  
I'll be there  
you'll need my love  
Take my hand  
this is where I'll always be  
Take my heart  
I'll be here for you
