

Chris Duarte, Letter To My Girlfriend

I wanna know
What you're doin' tonight
So I can see
If everything is all right
I want you on my arms
Until I'm right
Your smilin' face
Will make a wonderful sight
I wanna be with you
Love with you
Eat with you, sleep with you
Stay with you all of my life
I love you darling
'Cause you're only sixteen
You're the sweetest thing
To enter my dreams
When we're together
My life is fulfilled
I love you darling
You know, I always will
I wanna be with you
Love with you
Eat with you, sleep with you
Stay with you all of my life
I wrote a letter
Forever, my love
And sent a prayer
To the heavens up above
So send me back to you
Safe and sound
And pray that I will be
Your prisoner and bound
I wanna be with you
Love with you
Eat with you, sleep with you
Stay with you all of my life
