

# Chris Eaton, What Kind Of Love

Tell me a secret  
Tell me something I don't know  
Pour me some coffee  
I've got an hour before I go  
Oh, in this life  
I need you more than you could know  
To hold my hand  
To be my friend  
To hear you tell me once again  
Chorus:  
What kind of love  
Is a love that won't break down  
What kind of love  
Honestly knows no bounds  
Hope all things  
Believes all things  
Never ever lets me go  
What kind of love  
I've got a new job  
You've got a baby on the way  
Time keeps on moving  
Seems like nothing stays the same  
Oh, in this life  
It can be hard to keep the faith  
Some truth you hold  
Some you let go  
But in the end you've got to know  
(Chorus)  
What kind of love will still be here  
When everything else has disappeared  
And what kind of love is strong enough  
To stand the test of time  
(Chorus)
