

Chris Isaak, Big Wide Wonderful World

Look at the sky,
The sky just got bluer.
Look at those eyes,
They're calling me to her.
It's a big wide wonderful world
Wonderful world,
I´ve just been give in.
It's a big wide wonderful world,
Wonderful world,
Yeah, that we live in.
And I know, yeah baby, I know
We're gonna keep on swinging.
Look at the sky,
Things just got better.
Everything's changed
Now that I'd met her.
It's a big wide wonderful world
Wonderful world,
I´ve just been give in.
It's a big wide wonderful world
Wonderful world,
Yeah, that we live in.
And I know, yeah baby, I know
It's only keep on swinging.
Swinging now!
And I know, yeah baby, I know
We're gonna keep on swinging.
Swinging now!
Look at the sky
Gonna keep on swinging!
Look at the sky
Gonna keep on singing!
Oh, 'cause I know, yeah baby, I know
It's a big wide wonderful world!
