Chris Isaak, Can't Do A Thing (To Stop Me)

Here I go again, dreaming, here I go again. (Can't do a thing to stop me now) (Can't do a thing to stop me now)

Having a good time baby, wish you were here. Thinking about you baby, it feels like you're near, And you can't do a thing, to stop me. (Can't do a thing to stop me now) No you can't do a thing, to stop me. (Can't do a thing to stop me now)

Days can be lonely, nights dreams come true. Making love with somebody, exactly like you. And you can't do a thing, to stop me. (Can't do a thing to stop me now) No you can't do a thing, to stop me. (Can't do a thing to stop me now) Oh try.

(Can't do a thing to stop me now)
Can't do a thing to stop me
(Can't do a thing to stop me now) Oh.
(Can't do a thing to stop me)

Couldn't stop myself if I tried. Because I got you too deep inside.

And you can't do a thing, to stop me. (Can't do a thing to stop me now)
No you can't do a thing, to stop me. (Can't do a thing to stop me now)
Try.
