

# Chris Isaak, Cool Love

Love is a flame  
I just got burned again  
You're always there  
Each time I need a friend

Cool love, cool love  
I don't why I didn't never see  
The one who was always right there for me  
Could it be you and I  
Should we give it a try  
I only know  
That I'm never gonna let you down  
No, I'm never gonna let you down  
Cool love

It feels so right being here with you  
Just two old friends but now there's something new  
So easy to talk  
Just taking a walk  
With the one I love  
And I'm never gonna let you down  
No, I'm never gonna let you down  
Cool love

I was so lost  
Needed more than a friend  
Love was right there  
You saved me again  
And I'm never gonna let you down  
Cool love

Love was so close, finally it came to me
