

# Chris Isaak, Let Me Down Easy

Here she comes  
Don't say anything

At first you smile, then turn away  
I've been thinking of what I should say  
All last night I stayed up dreaming,  
I'm still dreaming  
I look at you, I'm just a guy  
I know my place but still I'll try  
You must be tired of people asking,  
But I'm still asking  
Please. Oh, please let me down easy  
Please, just let me down easy

Don't you hear my heart is calling  
You don't know how hard I've fallen for you

Another day, you're passing by  
Today's the day I'm gonna try  
You don't know how much I'm hoping, how I'm hoping  
Please. Oh, please let me down easy  
Please just let me down easy

Can't you hear my heart is calling  
You don't know how hard I've fallen for you

If you told me to follow you know I'd fly to you,  
Here I go, I may fall but I will try  
So please, let me down easy  
Please, just let me down easy  
Please, just let me down easy

If you want me to follow, you know I'll fly
