Lovers Game

I call you up and tell you that i love you.
I call you up and play my lovers game.

Love is just a game to me dear, love is just a game i'd like to play.

I call you up and tell you that i love you.

But really to me every girl the same.

Love is just a game to me dear, love is just a game i'd like to play.

If i really loved you, then i'd never call you.

'cause i know i'd only hurt you!

If i really loved you, then i'd never call you.

'cause i know i'd only hurt you, my love.

(guitar solo)

I call you up and tell you that i love you.

I call you up and play my lovers game.

Love is just a game to me dear, love is just a game i'd like to play.
