

Chris Isaak, Move Along

All the good hearts have been taken.
No more hearts around here were breaking.
All the good girls know I'm lying.
What's the point to keep on trying.

(Move along)
Such is love.
(Move along)
Such is love.
(Move along)
Such is my love for you.

All the bad girls know my story.
Justified for love and glory.
All the good girls see me coming.
What's the point to keep on running.

(Move along)
Such is love.
(Move along)
Such is love.
(Move along)
Such is my love for you.

All the lies I told to you, some of them came true.
Sometimes I'm a fool.
All the things I said we'd plan, darling understand.
Those lies hurt me too.
So I'll go.

All the good hearts have been taken.
No more hearts around here were breaking.
Hard to face the truth about me.
You'll be better off without me.

(Move along)
Such is love.
(Move along)
Such is love.
(Move along)
Such is my love for you.

(Move along)
(Move along)
Such is my love for you.
(Move along)
(Move along)
Such is my love for you.
