

# Chris Isaak, Think Of Tomorrow

The future looks so bright ahead, the past is far behind.  
I think of all the things we said, and you are on my mind.  
Think of tomorrow. Think of tomorrow.

Mexico has sunny skies, Hawaii knows no rain.  
Any place you want sweetheart, I will buy the ring.  
Think of tomorrow. Think of tomorrow.

Anything you want sweetheart, anything you do.  
Anywhere you go sweetheart, I will follow you.  
Think of tomorrow. Think of tomorrow.

Think of tomorrow. Think of tomorrow.

This car I drive is old and beat, it may not see me through.  
This car I drive is fine with me, it's headed back to you.  
Think of tomorrow. Think of tomorrow.
