

Chris Isaak, We Lost Our Way

We Started Walkin'
and then we learned to run
I still don't know what
We're Runnin' From
You said you loved me
but you couldn't stay
Oh We lost our way
in California
down in LA
They Never warn ya
it just all goes wrong,
it all turned bad
you said that love
was a funny thing
and you'd move faster
without a ring
Oh we lost our way
In California
down in LA
Nobody warns ya
it just all goes wrong,
it all turns bad
we searched for something
we could not find
and somehow somewhere
love got left behind
yeah we lost our way
in California
down in La
they barely warn ya
it all goes wrong
oh it all turns bad
I don't look back
cause it hurts too much
to see everything that
we just gave up
oh we lost our way
in California
down in LA
nobody warns ya
Oh We Lost Our Way
In California
and it all went wrong
it all turned bad
it all went wrong
it all turned bad
