Chris LeDoux, Every Time I Roll The Dice

[Intro]

1.She got a roof that don't leak When the rain's pourin' down She got a place I can sleep Where I'll be safe and sound

She got a lock on her door Oh, but I got the key She don't walk the floor But she worries about me

C.Her love has no strings Shackles or chains But I'm holdin' on for dear life It's like rollin' a seven every time I roll the dice

2.She's got a big oldsmobile She got a dog that won't bite She got a heart I can steal Just like a thief in the night

She got a slow burning fire She keeps the radio low But when she gets all inspired We let the good times roll
