

# Chris LeDoux, Melodies And Memories

Ain't it funny how an ole song can take you back in time,  
Bring back the memories you thought you left behind.  
The melodies they never change...just get better with time.  
Old melodies and memories, keep runnin' through my mind.  
We'd listen to the radio to hear our favorite song,  
Drivin' down a country road, we'd laugh and sing along.  
When our dreams climbed as high, as any eagle dared to fly...  
Old melodies and memories, keep runnin' through my mind.  
That summer moon never shone so bright, as it did for us back then.  
Soda pop and swimmin' holes, walkin' hand in hand.  
You nearly drove me crazy when you looked into my eyes.  
Old melodies and memories, keep runnin' through my mind.  
We'd listen to the radio, to hear our favorite song,  
Drivin' down a country road, we'd laugh and sing along.  
When our dreams climbed as high, as any eagle dared to fly.  
Old melodies and memories, keep runnin' through my mind.  
Those old melodies and memories, keep runnin' through my mind.
