

# Chris LeDoux, Now That's All Right With Me

All you have to do now baby is pull on my heart strings  
Let me know which way to go that's all right with me  
Love me like a river darling I'll love you like the sea  
Love me anytime at all cause that's all right with me  
Well the night is tender and the night is long and I like what I see  
There's a sparkle in your eyes like the stars in the sky and I know what that means  
Oh anytime or anyplace wherever we may be  
Well we're wild and we're young and we're free to love  
And that's all right that's all right with me  
[ guitar ]  
So close your pretty eyes now darling put me in your dreams  
In your world of fantasy that's all right with me  
[ guitar ]  
Well the night is tender...  
That's all right that's all right with me  
That's all right that's all right with me
