

# Chris Levy, What You Feel

Time and space  
There's a lonely place  
There's no sound  
Just a heart that pounds  
Life's unknown  
Where's the way back home ?  
In my mind  
Is a silent cry  
What you feel  
What you know  
You're not in control  
oooo hoooo  
If you just  
Let it go  
There's a piece you'll know  
oooo hoooo  
Got to be  
Something bigger than me  
How to find  
Just a piece of mind ?  
When in sight  
Part of you gives light  
In my mind  
The same tape rewinds  
What you feel  
What you know  
You're not in control  
oooo hoooo  
If you just  
Let it go  
There's a piece you'll know  
oooo hoooo  
What you feel  
What you know  
You're not in control  
oooo hoooo  
If you just  
Let it go  
There's a piece you'll know  
oooo hoooo  
What you feel  
What you know  
You're not in control  
oooo hoooo  
If you just  
Let it go  
There's a piece you'll know  
oooo hoooo
