

# Chris Malinchak, Tell Me (feat. Damon Scott)

People are  
Different faces  
Like the stars  
Didn't make them  
We can frame them  
Where we go  
People watch us  
Wanna follow  
Nothing said  
Do you know who they are?

Time has come  
Can you see that?  
Bells are ringing  
From above  
You can hear tha  
Angels singing  
What we know?  
[?]  
GO my father to the end  
Do you know who they are?

Why don't you tell me who you are?  
Why so many secrets?  
Whe you hide?
