

Chris Norman, No Arms Can Ever Hold You

Love is like a loser's game
I'll never play again
I'm through with love forever.
Oh
I'm like a fallen star
Love can leave a scar
It's raining in my heart
babe.
Yes
it's true
I'm still missing you.
Broken heroes and fallen angels
Broken dreams and hearts of stone
There's no smoke
girl
without a fire
And I'm standing here alone
all alone.
How much have I sacrificed?
My heart aches deep inside
In the name of love
girl.
And how much time and loneliness
I traded for a kiss
It's raining in my heart
babe.
Yes
it's true
I'm still missing you.
Broken heroes and fallen angels
