

Chris Rea, Dancing The Blues Away

Beat up soul
Looking to find a smile
Ain't nobody here to give you the reason why
I need the wings of an angel
Need to find me a way to fly

Come on and dance with me baby
Dancing my blues away
Yeah dance with me baby
Dance 'til my blues can't stay
Come on and dance with me baby
Dancing my blues away

There is something worth knowing
Written behind those eyes
Well I've got tears by the truckload
Let's laugh 'til they all run dry
Let's steal the wings from those angels
And kiss what we know goodbye

Come on and dance with me baby
Dancing my blues away
Yeah dance with me baby
Dance 'til my blues can't stay
Come on and dance with me baby
Dancing my blues away
