

# Chris Rea, Josephine (New Version 2008)

There's rain on my window,  
And I'm thinking of you,  
Tears on my pillow,  
But I will come thru...

Josephine, I send you all my love,  
And every single step I take  
I take for you.

Josephine, I'll send you all my love,  
Josephine, I'll send you all my love,

Now there's a stone on my radar,  
But I can still fly.  
You are the reason,  
The blue in my sky.

Josephine, I'll send you all my love,  
Josephine...

Life with a pain in,  
I was walking away.  
In the coldest of winter,  
Night becomes day.

Josephine, I send you all my love,  
And every single step I'll take  
I take for you.

My Josephine, I send you all my love,  
Josephine, I send you all my love,  
I send you all my love,  
Josephine, I send you all my love,  
When I fall away, I send you all my love,  
Josephine...
