

Chris Rea, Midnight Blue

I got my money
I got it here in my hand
OK let me tell you
This is how we stand
I've waited so long
Good things, never too late
So don't take no chances
Leave nothing to faith

I wanna walk tall in midnight blue
Look good, oh so good
Step out in midnight blue
Midnight blue

I watch the razors with their class and their style
Dressed to kill, man
Their lives is just one great big smile
And oh I wanna be there
When they dish that stuff out
Cool and collected
Man that's what it's all about

So gimme, gimme, gimme
I want midnight blue
I love midnight blue
I'm gonna step out in midnight blue
So gimme, gimme, gimme midnight blue
Midnight blue
I walk tall in midnight blue
Look good, oh so good
In midnight blue
