

Chris Rea, Only With You

I was down, nowhere bound
Needed love, any love
Something new, breezy and bashful but true
Changing my whole point of view
Suddenly someone, a midnight romancer
A Romeo dancer in blue
But only with you
Only with you

No more rain, no more chains
No more cold lonely sleepless nights
Laughing eyes, wider than midsummer skies
Crazy but don't ask me why
Suddenly someone, a midnight romancer
A Romeo dancer in blue
But only with you
Only with you

Once a Lone Star rider who danced in super cool
Now a Romeo, it's true
But only with you
Only with you
