

Chris Rea, Square Peg, Round Hole

He's a square peg in a round hole
Misfit in a slick world
Don't play the game
Don't do what he's told
He's a square peg in a round hole

Square peg don't care
The bright lights he's not there
Catch the shadows see him slip away
Square peg that's what they say
Square peg, Square peg

Square peg, you have got to be strong
Square peg, he's got his own song
Square peg, I'll see you around
Square peg, face down

Square peg, round hole
