Smile (Just Want To Be With You)

How far are you, how close am I

I know your words are true and I don't feel them inside

Still I believe you'll never leave

So where are you now

You're all I have, You're all I know

Your breath is breathing in my soul

Still I am gasping, aching, asking

Where are you now

Cause I just wanna be with You

I just want this waiting to be over

I just want to be with You

And it helps to know the Day is getting closer

Every minute takes an hour

Every inch feels like a mile

Til I won't have to imagine

And I finally get to see You smile

My journey's here, but my heart is There

So I dream and wait, and keep the faith, while You prepare

Our destiny, til You come back for me

Oh, please make it soon!

Cause I just wanna be with You

I just want this waiting to be over

I just want to be with You

And it helps to know the Day is getting closer

Every minute takes an hour

Every inch feels like a mile

Til I won't have to imagine

And I finally get to see You smile

I just wanna be with You

I just want this waiting to be over

I just want to be with You

And it helps to know the Day is getting closer

I just wanna be with You

I just want this waiting to be over

I just want to be with You

And it helps to know the Day is getting closer

Every minute takes an hour

Every inch feel like a mile

Til I won't have to imagine

And I finally get to see You

Every minute takes an hour

Every inch feel like a mile

Til I won't have to imagine

And I finally get to see You smile
