

# Chris Thile, On Ice

On Ice

Just for a moment, the moment I met her, I lost my breath but my lips whispered she is the one  
Forgot who I was and who I was fooling, didnt remember she could be my first cue to run

We moved so fast  
Never thought twice  
Mind came at last  
Put us on ice

We stayed in touch but the touch I was wanting from her came from girls that scared me too little to  
So all of the thoughts I thought I might tell her turned into songs that until now shes never heard of

I had been taught  
Love is a vice  
Took all these thoughts  
And I put them on ice

The vice bends and ice tends to melt  
One night she asked me how I felt  
The next day I woke up lying to myself  
I feel fine, I feel fine, I feel fine

Thank God youre here, I need you to hear this  
So sick of my shit, I promise, Im through tempting fate  
I know Im in love now, you are what love is to me  
Please tell me this isnt too little too late

Lets move fast  
Making up would be nice  
Im so sorry I put these things on ice
