

Chrisette Michele, All I Ever Think About

Naturally, you and me, we have a bit of jealousy
I might ask, "Why she called?" you might ask, "Who is he?"
But I can never think of letting go
Ain't no other man that could have me
No way, no how, no circumstance
If you thought about it, now think again
Baby, slow ya role, you ain't leaving me, no
I ain't letting you go, all I ever think about is you
And I guess I never really ever loved no one
All I ever think about is you
From the rising of the moon to the setting of the sun
It's all around me and I'm feeling so confused
I'm really scared lying here, 'bout to fall
'Cause all I ever think about is you
Tryna get back, yeah, I wanna get back to you
'Cause all I ever think about is you
Naturally we disagree, I'm mad at you, you mad at me
Then I tell you something sweet just to keep you here with me
'Cause you already know what I wanna do
Can't nobody come between me and you
No problems, no family, no drama, no friends
If you thought about it, now think again
Baby, slow ya role, you ain't leaving me no
I ain't letting you go, all I ever think about is you
And I guess I never really ever loved no one
From the rising of the moon to the setting of the sun
It's all around me and I'm feeling so confused
I'm really scared lying here, 'bout to fall
Tryna get back, yeah, I wanna get back to you
'Cause all I ever think about is you
Oh, I'm down wit you, baby, it gets so hard for me to focus
I'll say a prayer so that nothing happens to you
Waiting on your phone call saying
"Baby, won't you come back to me?" Oh, oh
And when you get back, I can't wait to hug and kiss you
Can't wait to demonstrate just how much I miss you
You take my breath away, don't walk away and say
All I ever think about is you
And I guess I never really ever loved no one
All I ever think about is you
From the rising of the moon to the setting of the sun
It's all around me and I'm feeling so confused
I'm really scared lying here, 'bout to fall
I'm 'bout to fall in love with you
Tryna get back, yeah, I wanna get back to you
'Cause all I ever think about is you
All I ever think about is you, baby
All I ever think about is you
It's all around me and I'm feeling so confused
I'm really scared lying here, 'bout to fall
I don't know what to say
Tryna get back, yeah, I wanna get back to you
'Cause all I ever think about is you
