

Chrisette Michele, Epiphany (I'm Leaving)

(And then it comes to me like an epiphany)

It's Over

Over

It's over

Over.

(some excuse)

Like you always do

(Like you always do)

I just kiss your cheek

And this is what I tell you, you, you

[Chorus:]

So I think I'm just about over being your girlfriend (your girlfriend)

I'm leaving, (I'm leaveing) I'm leaving

No more wonderin what you've been doin

Where you been sleeping

(It's over)

I'm leaving

(It's over)

I'm leaving

(yea e yeah)

[Bridge:]

How many times did I fall for your lies

How many times did I sit home and cry

Never questioning why? why? why? why?

It just came to me

Like an epiphany

How about I just leave-e-e-e

[Chorus:]

So I think I'm just about over being your girlfriend (girlfriend)

I'm leaving, I'm leaving

No more wonderin' what you've been doin'

Where you been sleeping

(It's over)

I'm leaving

(It's over)

I'm leaving

(Yea e yeah)

[Repeat:]
