

Chrisette Michele, If I Have My Way

[Verse 1]

your who I desire
you light my fire
with every kiss
you take me higher
feeling like your loving
I just cannot resist
there's something that's making me
hold on
there's no one I'd rather share my good lovin with
but I promised I'd wait till im ready for
this

[Chorus]

one day we'll make love
passion unheard of
I'll be your woman
if I had my way
we will see heaven
loving together
we wont stop ever
if I had my way

[Verse 2]

I love your touch
it make's me crumble?
how it loves so much
look what you've done
please don't whisper anything else in my ear
my body, my heart and my soul is high
let me find the strength to get on up outta here
cuz one day the way we feel
will be alright

[Chorus]

one day will make love (one day)
passion unheard of (passion unheard of)
I'd be your woman (yea)
if I had my way (we will see heaven)
we will see heaven (haaaaayyyy)
loving together (lovin together)
we wont stop ever
if I had my way (waaayyyy)

[Hook]

I love you
no doubt about it
I wont change my mind
loves so true
if I had my way
I will make love to you

[Chorus]

one day will make love
passion unheard of (passion unheard of)
I'd be your woman
if I had my way (if I had my way)
we will see heaven (ooohhhh)
loving together
we wont stop ever
if I had my way (If I had my way)
