

# Chrisette Michele, If I Have My Way

[Verse 1]

your who I desire  
you light my fire  
with every kiss  
you take me higher  
feeling like your loving  
I just cannot resist  
there's something that's making me  
hold on  
there's no one I'd rather share my good lovin with  
but I promised I'd wait till im ready for  
this

[Chorus]

one day we'll make love  
passion unheard of  
I'll be your woman  
if I had my way  
we will see heaven  
loving together  
we wont stop ever  
if I had my way

[Verse 2]

I love your touch  
it make's me crumble?  
how it loves so much  
look what you've done  
please don't whisper anything else in my ear  
my body, my heart and my soul is high  
let me find the strength to get on up outta here  
cuz one day the way we feel  
will be alright

[Chorus]

one day will make love (one day)  
passion unheard of (passion unheard of)  
I'd be your woman (yea)  
if I had my way (we will see heaven)  
we will see heaven (haaaaayyyy)  
loving together (lovin together)  
we wont stop ever  
if I had my way (waaayyyy)

[Hook]

I love you  
no doubt about it  
I wont change my mind  
loves so true  
if I had my way  
I will make love to you

[Chorus]

one day will make love  
passion unheard of (passion unheard of)  
I'd be your woman  
if I had my way (if I had my way)  
we will see heaven (ooohhhh)  
loving together  
we wont stop ever  
if I had my way (If I had my way)
