

# Christian Bautista, Da Way U Look At Me

No one ever saw me like u do  
All da things that I could add up, too  
I never knew just what a smile was worth  
But your eyes say everything without a single word

{CHORUS}

'Cause there's something in da way u look at me  
Its as is my heart knows your da missing piece  
U make me believe that there's nothing in this world i can't be  
I never know what u see  
But there's something in da way u look at me

If I could freeze a moment in my mind  
Be the second that u touch your lips to mine  
I'd like to stop the clock make time stand still  
'Cause baby this is just da way I always wanna feel

{CHORUS}

'Cause there's something in da way u look at me  
It's as if my heart knows your da missing piece  
U make me believe that there's nothing in this world I can't be  
I never know what you see  
But there's something in da way u look at me

{BRIDGE}

I don't know, how or why  
I feel different in your eyes all know is it happens everytime...

{CHORUS}

'Cause there's something in da way u look at me  
Its as is my heart knows your da missing piece  
U make me believe that there's nothing in this world i can't be  
I never know what u see  
But there's something in da way u look at me
