

# Christian Linke, Falling

I keep enduring all these crimes  
Tracking me down just every night  
Spining my head till it gets loose  
Wish I could act, wish I could choose  
Crossing my borders, you dont care  
This never seemed to be that fair  
Trying to find my way back home  
Everytime it's me all alone  
ref.: I keep falling from on high  
Im dying  
Im crawling  
Dont know why  
Im on my knees  
How do I apply  
It leaves me behind  
Mumbling words, but noone hears  
Writing these lines with my own tears  
I am just living this whole lie  
Like to escape this life and fly  
Think I have lost all of my dreams  
Feel as pathetic as it seems  
Is there a way out of this mess  
How do you spell the word success  
ref.: I keep falling from on high  
Im dying  
Im crawling  
Dont know why  
Im on my knees  
How do I apply  
It leaves me behind  
Everything just seems so fine  
How did everyone go blind  
Does noone see that I am trapped  
Does it help that I regret  
ref.: Falling from on high  
Im dying  
Im crawling  
Dont know why  
Im on my knees  
How do I apply  
It leaves me behind  
I keep falling from on high  
Im dying  
Im crawling  
Dont know why  
Im on my knees  
How do I apply  
It leaves me behind
