

# Christian Walz, Hold my hand

We're fighting over weekdays  
While taking out the trash  
Sit silent over coffee  
Look! Raindrops in a rush  
I feel we're getting older  
I like it very much  
You're laughing at my jokes, but  
Can't feel the love in your touch  
Chorus:  
Hold my hand  
All the way from lover to friend  
Hold my hand  
Gonna prove my desire to the end  
When I hear your silence  
You seem to pull away  
Wanna get attention  
Trying to make your everyday  
You're walking in a bubble  
And I'm dying just to walk with you  
Don't know the reason or your trouble  
Nor the reason why you're blue  
Chorus:  
Hold my hand  
All the way from lover to friend  
Hold my hand  
Gonna prove my desire to the end
