

Christian Walz, Missin You

Missin you like
Missin you like crazy
Wish you were here right by my side

Missin you like
Missin you like crazy
Can't let you go
My heart wont lie

Now please don't cry
I'm not gonna let it die
You are the one
You are the one
I never will say goodbye
You are the one
You are the one
Never will say goodbye

Kissin you like
Kissin you like crazy
You got me right here with a smile

Kissin you like
Kissin you like crazy
Remember all of our desires

Oh please dont cry,
I'm not gonna let it die
You are the one
You are the one
I Never will say goodbye

You are the one
You are the one
I never will say goodbye x3

Now you're away and we have spent so little time
You gotta show me just enough to make you mine
You think you make it up with roses and some wine
Don't worry babe, i know you

You are the one
You are the one
I never will say goodbye x4
