

# Christian Walz, More Then Flowers

-Chorus-

I'll give you more then flowers

I'll give you my world

I'll take you trippin' to the birds up above

I'll give you my batman powers n' ride in my car

And all time in bed is a supprime time game with a superstar

Now here im asking you whats up whats new

Asking busy bimbo what else to do

I'm wondering how he push his lies

Sitting here trying to catch youre eyes

Laughing at the things shown' up in my head

All the things that will leave you red

With roses his trying every trick in the book

I catch your eyes and i give you the look

-Chorus-

Then again im sitting here alone

Watching while some creep trying talking to taking you home

Well it might be alright but onley one night

He wanna' take you home be that realy life

All beacuse some flowers he can buy

Mr.Fucker just cant see

You slap his face and you come over to me

-Chorus- Untill fade
